
AcmeCorp – Invoice to Summary Reconciliation Report

1 Report Metadata

Field	Value
Report ID	RECON-2025-05-001
Generated On	2025-05-12 14:32
Processed By	ReconAI Engine v1.0
Number of Invoices	15
Number of Summary Records	15
User	John Doe, AcmeCorp Finance Dept.

The reconciliation was performed using ReconAI Engine v1.0. It compared 15 uploaded invoice documents with 15 entries from the summary file. The goal was to verify the consistency of IDs, amounts, and vendor names between sources.

2 Reconciliation Overview

Status	Count	Notes
Matched	13	Invoice ID, amount, and vendor all matched.
Vendor Name Mismatches	1	Vendor name differs from summary.
Amount Mismatches	1	Invoice amount differs from summary.
Missing in Summary	0	-

The majority of invoices matched as expected. Two exceptions were identified: one with a vendor name discrepancy, and one with an amount variance. These issues should be reviewed with the vendor or summary preparer.

3 Exceptions and Alerts

Type	Invoice ID	Detail
Vendor Name Mismatch	INV-1013	Vendor name in invoice: "Acme Corp", summary: "AcmeCorp"
Amount Mismatch	INV-1014	Invoice amount: \$730.00, summary: \$720.00

These exceptions should be reviewed. Vendor name discrepancies might indicate variations in naming conventions. Amount mismatches may be due to discounts, data entry errors, or invoicing mistakes.

AI-Generated Summary:

Out of 15 invoices, 13 matched successfully with summary records. Two invoices require review due to vendor naming and amount discrepancies. Overall data integrity is high, with a match rate of 87%. Users are advised to standardize vendor naming and verify amount differences with the source documentation.
